

Cat[®] Classic[™] Parts

Repair Option for Older Cat Machines & Engines

Trusted Equipment. Trusted Parts.

Cat[®] Classic[™] Parts provide owners of older Cat products with low cost repair alternatives that minimize the risk associated with non-genuine parts.

Cat machines and engines have long, productive lives. However, as the equipment ages, maintenance costs often need to be re-evaluated, taking the remaining market value into consideration. Cat Classic Parts help you manage repair costs on this older equipment to ensure maximum profitability.

Benefits of Cat Classic Parts Include:

- Competitive prices and availability
- Standard Cat warranty
- Parts approved by Cat engineers
- One stop shopping for entire product life cycle
- Total support of Caterpillar and your Cat dealer

CATERPILLAR[®]

Extensive coverage

The Classic Parts product line contains repair options for a wide range of older Cat machine and engine models. It contains parts which tend to have a greater impact on your repair costs. New models and parts are frequently added to the Classic Parts program.
